Would you like to take a look at your company from a strategic perspective? Understand what is happening in the Tech M&A market, which sectors are hot, where is the consolidation taking place, which Tech companies are being acquired in the US, Europe and in Asia? Then you should attend this 90-min Tech M&A update. We'll provide you with information on the latest trends, deal metrics and valuations for Tech companies. This conference is specifically designed for investors, founders, owners and executives of Software, IT and related technology companies.

Selling your company may be one of the most important and complicated transactions of your life. To achieve an optimal outcome and receive the highest valuation for your company, you need to understand the important aspects of running an M&A process. This event will give you an overview of the M&A market trends, processes, and mistakes to avoid, in order to maximize the value of your company. Even if you are not ready to sell your company, this event will help you look at your organization from a strategic perspective and prepare you, if you decided to sell your company in the future. Corum has sold more than 300 software companies. For more info, please visit [www.corumgroup.com](http://www.corumgroup.com).
