

Mexico City, June 18, 2024

ECIJA Mexico participates as a panelist in the multidisciplinary event to be held at the Tecnológico de Monterrey

We are pleased to announce our participation in the next event in which the main chambers and trade associations in environmental matters will participate, where our partner, Carlos Del Razo, in his capacity as first vice president of the AMIA, will have the honor of serving as a panelist in this multidisciplinary event.

One of the main objectives of this event will be to explore a wide range of transformative strategies, technologies and policies across sectors, prioritizing those with the greatest potential to reduce emissions, while fostering economic growth, social equity and resilience.

Topic: "Robust Net Zero Strategy for Mexico."

Date: Wednesday, June 19, 2024.

Time: 10:00 hrs. (CDMX schedule).

Modality: On-site at the Decision Theater of the School of Government and Public Transformation, located at Av. Revolucion, 756 Nonoalco, 03700 Mexico City, third floor.

The main organizers of this event are Cesar Oyervides, Chief Operating Officer of the Decision Sciences Research Center of the School of Government and Public Transformation of the Tecnológico de Monterrey, and the researchers of this institution.
